

Building Industry's Best-in-Class Team

Aviation plays a vital part in driving our global economies and progressing cultures. We must take steps to recruit and encourage young and seasoned professionals with their energy and bright minds to fill our ranks so our industry may thrive into the future.

At CDB Aviation, we do just that—by bringing together the next generation of the industry's best-in-class leasing, financial, operational, and marketing leaders. CDB Aviation's success is a direct result of our seasoned management team made up of some of the most respected and experienced professionals in the aviation industry. And, the strength of our combined expertise and multicultural backgrounds enable our teams to leverage their unique capabilities and experiences to advance our shared vision of being an industry leader.

When we search for professionals to join our team, we look for individuals who share a passion for aviation, are committed to excelling in their work, and have an understanding of the importance of building global relationships to drive the success of our business and industry.

I encourage everyone to engage a passion for aviation and look to us here at CDB Aviation as a place to do so. Our industry and certainly our company are growing at a rapid pace, building the next generation of aviation leaders who no doubt will not just reach for the stars—but perhaps even go there.
